## CEO's Message

It has been an exciting year for Bright Vision Hospital.

Since being appointed CEO in November 2007, we have taken many steps to be the best community hospital in Singapore.

While it is a long and arduous process, I know I'm not alone in this journey as I have a team of keen and experienced professionals to assist me in the many aspects of running a hospital. We are proud that we have opened all our 302-beds with occupancy rate in a healthy 80% range.

In the area of operations, business and finance, the hospital, despite recent inflation and rising costs, have not increased our hospital charges.

Due steps have been taken to ensure that rising costs are not passed on to our patients. We want to help the needy patients and this can only be achieved if the hospital stay is maintained at an affordable rate. We understand that many who are admitted to Bright Vision Hospital may have already undergone long stays at restructured hospitals.

We are determined to serve our patients with tender loving care. Our medical and nursing teams are made up of professionals specially selected from several Asian countries. They have received many compliments from patients and their families for the quality of care provided during their hospital stay.

We serve vegetarian meals to our patients and staff. We strongly believe that vegetarian diet is beneficial for their health and we will continue to promote vegetarian cuisine. This is something unique as we are the only community hospital in Singapore that serves strictly vegetarian meals to our patients. It not only benefits the patients' health, but is beneficial for all.

I would like to thank our Executive Chairman and the members of the Board and Committee for providing the support and guidance as Management and the Board work to improve and grow the services of BVH.

Most importantly, we must thank all our volunteers and donors who spent so much of their time and energy helping us improve the quality of life of our patients. For example, every month, a group of hairdressers provide free cut hair service for our patients. While some of us take haircut as an ordinary event, our patients look forward to it as it means that they can look dignified, neat and well groomed.

All these and more can be achieved at Bright Vision Hospital. We looked forward to a brighter horizon as we enter our 7<sup>th</sup> year of operations.

We are planning a host of events to build more awareness for the hospital so that more people will know about the good work we do. We are confident that as more people come to know about our services and facilities to help the needy and the sick, we will be able to serve the community better.

We are confident that we can make a difference to the lives of the individuals in need of medical help.

As our motto goes: Together we care.

## Our History

Bright Vision Hospital is a voluntary community hospital which was founded by Singapore Buddhist Welfare Services. The Hospital is supported by the Ministry of Health.

"Although life is miserable at times, we should not be depressed with worries, sorrows, sickness and natural disasters.

Give free rein to the potential creativity deep inside us and bring it out like the rising sun that radiates myriad of golden rays so that others can enjoy its brightness and warmth.

By developing this potential light of wisdom within us, the darkness of our ignorance will be brightened so that we can have a brighter vision of life."

**The-late Venerable Yen Pei**

We are a fully integrated step-down care hospital offering a seamless continuum of holistic and quality care, especially to the needy, the sick and the elderly regardless of race and religion.

At Bright Vision Hospital, we are committed to providing excellent quality healthcare services to our patients.

The late President of Singapore Buddhist Welfare Services, Venerable Yen Pei proposed and named the hospital "Bright Vision", which signifies:

觀

"GUAN" - To be more optimistic and open-minded and to learn from or mediate the ever-changing and impermanent life.

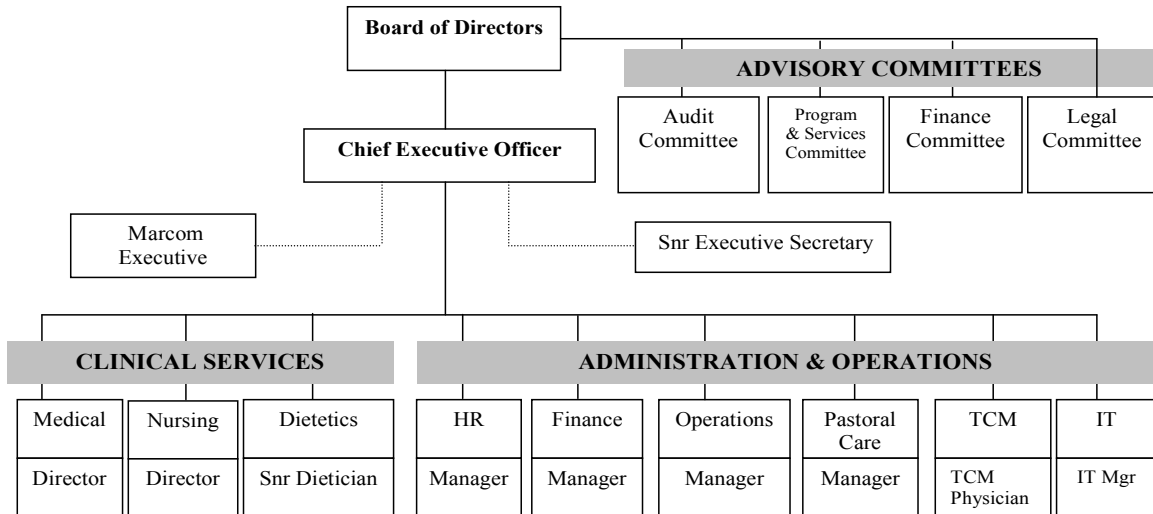

明

"MING" - To develop our inner wisdom in order to brighten our

With a benevolent heart, the late Venerable Yen Pei proposed the setting up of "Bright Vision Hospital", aiming to provide professional personalized medical care, treatment for the needy and elderly and to eradicate darkness and fear within them.

## Year in Review - FY 07/08

### Key events :

- Mr Chew Hai Chwee appointed CEO w.e.f. 1 Nov2007.
- “Open House” on 4 Feb 2008.
- KPMG was appointed as auditors for FY07/08.

### Events

#### Bowen Secondary School – Wealthy Health Day on 22 May 2007

BVH is located along Lorong Napiri, amongst a cluster of VWOs and a school, thus forming a Napiri community network. Some of our patients were invited by Bowen Secondary School to participate in their “Wealthy Health Day”. The students helped our patients to make simple arts and craft.

#### Nurses Day - 1 Aug 2007

Our annual Nurses Day celebrations was held at Yen Pei Hall. This is a day when we say ‘Thank You’ to the nurses for all their hard work, commitment and dedication to care for our patients.

### Voices For Hospice - 6 Oct 2007

Singapore joined the international community in celebrating Voices For Hospices, a concert aimed at raising funds and awareness for hospices. The two Singapore Hospice Council members that organized the event on behalf of the Singapore Hospice Council were HCA Hospice Care and Bright Vision Hospital. The theme was: Across the Ages – From Children To Older People.

### MGS Choir group singing for BVH patients - 29 Nov 2007

Students and teachers from Methodist Girls School Choir (MGS) performed for our patients. It was an afternoon of singing and befriending as they mingled with our patients, talking and sharing with them.

### Open House & Chinese New Year celebrations - 5 Feb 2008

Mongkok District Cultural, Sports and Recreation Association (MKCRSA) jointly organised a Chinese New Year cum Open House celebrations at BVH. Winning entries from a Chinese calligraphy competition in Hong Kong were displayed. Mr Yong Cheong Thye, a Singaporean calligraphist, demonstrated his skills, writing words of joy and comfort for our patients.

### SGH CNY gift distribution - 12 Feb 2008

A group of staff from Singapore General Hospital (SGH) brought 'golden rats' to our patients. They toured BVH wards and distributed Chinese New Year gifts of 'golden rats'.

### Annual Dinner - 29 Feb 2008

The Theme for our Annual Staff Dinner was "Jungle Night". Healthy vegetarian food was served, along with party games and showcasing of group talents. Awards were also given out for long service staff and those achieved full attendance during the year.

### WOW Day - 8 March 2008

Professionals from various corporations held a WOW Day for our patients. The organizers' goal was to give the less fortunate a WOW day to remember. The activities included funfair games, group drumming and a combined birthday celebration for some patients.

## Department Reports

## Medical Department

Head of Department

Medical Director: Dr Ee Chye Hua

Together with our nursing colleagues, our team in Medical Department comprising doctors, therapists and other allied healthcare professionals attended to 1263 inpatient admissions for FY 2008 (1/4/07 – 31/3/08). Forty-two percent were admitted for rehabilitation, 24% for palliative care, 13% for subacute care, 12% for nursing home care and 9% for chronic sick care.

Majority of patients were elderly, especially the females who had an average age of 76 years compared to the males (69 years), and we saw an almost equal number of males and females. The racial distribution was: Chinese (88.5%); Malay (6.3%), Indian (4%) and Others (1.2%).

The largest number of referrals was from TTSH (39%), followed by SGH (25%), CGH (16%), NUH (7%), NCC (3%) and others (10%). Excluding transfers to restructured hospitals, 72% were discharged home.

# Nursing Department

Head of Department

Nursing Director: Ranjit Singh

## **Patient Care:**

During the year the hospital had 270 operational beds comprising:-

Community Hospital	90
Palliative Care	28
Chronic Sick	64
Nursing Home	88

On the average there were around 230 patients to be cared for daily.

## **Nursing Achievements:**

- Personalized quality care for all patients
  - Fall risk assessment for all patients followed by fall prevention protocol
  - Pressure sore assessment followed by prevention of pressure sores protocol
  - Wound management achieved greater success with introduction of newer products and with better assessment and treatment of wounds.
  - Nursing had many success stories in managing patients such as weaning patients off Bipap, off tracheostomy tube and eventually discharging them to their own home.
- Nursing also took up the challenge to manage many Sub-acute patients some of them requiring intensive care and thus avoiding the re-admissions to Restructured Hospitals.

## **Nursing Education**

- CNE (Continual Nursing Education) held twice weekly. Nurses also attended the lectures and workshops conducted by ICS, MOH and visiting HMDP experts.
- Nurses also attended BCLS training.

## **Nursing Training Centre**

- Hospital is accredited by Singapore Nursing Board as a training centre for nurses.
- Trainee nurses from various Nursing Institutions including Alice Lee Centre for Nursing Studies were attached to the various disciplines for orientation and training.
- Advanced Nursing Diploma Student in Palliative and Gerontology Nursing also made educational visits to the hospital.

## **Awards**

SNO Toh Soh Eng was awarded the “Nurses Merit Award” by Nursing Division, MOH on Nurses Day 2007.

## Dietetics & Nutrition Department

Head of Department

Snr Dietitian: Mary-ann Chiam Quee Fung

The DNS department provided 172 144 in-patient meals and 4023 DRC meals in the last year which corresponded to an increase of 5.2% and 22.8% respectively. The V-Café saw an increase of 12.7% with 19 249 meals served. Medical Nutrition Therapy also rose by 26% with 1138 consultations provided.

In October and November 2007, Senior Cook Lim Tong Teck excelled himself with providing scrumptious Vegetarian meals for the Professional Development Workshop for Nurses, with 85% of the participants giving Excellent Ratings for Meal Satisfaction.

One Chronic Sick patient who originally arrived malnourished improved with the Medical and Nursing teams' care as well as on the healthy Indian vegetarian meals with supplements that were served to her. Cook Logan did an outstanding job and he went the extra mile by visiting her up at the ward regularly in order to ensure that the meals served were satisfactory. The patient was discharged home well.

95% of all patients referred for NGT tube feeding were able to reach their optimal nutritional needs by day 5 of the dietary referral. The Dietitian also worked closely with the Wound Care Nursing Officer to ensure that patients with wounds were assessed and started on appropriate nutrition supplements.

# Human Resources Department

Head of Department  
HR Manager: Lucy Lim

In January 07, HR facilitated the reorganization and consolidation of Operations and Administration Departments by realigning staff structures and duties while maintaining service levels.

To strengthen our core value of delivering service quality with a heart, a two-day workshop on “Train The Trainer in Customer Service” was conducted in February 2007.

We partnered with business units to strengthen BVH’s competitive position by providing well trained, motivated, customer-focused employees through continuous training.

To increase job satisfaction and organizational commitment, job descriptions were formalized to improve clarity and reduce role conflict and job tension. In addition, performance appraisals were converted to an open system to reinforce employee’s sense of fair play and consistency.

## **Achievements in FY 07/08**

- National Fire Safety Award 2007 by National Fire and Civil Emergency Preparedness Council
- Family friendly practice – converted to 5-day work week in February 2008.
- Welcome and farewell tea sessions for new and resigning employees
- Quarterly “Meet The CEO” sessions

## Operations Department

Head of Department  
Operations Manager: Chua Ai Wah

### **Workplace Safety and Health (WSH)**

Observing Workplace Safety and Health (WSH) has always been regarded as important but often with the mindset that we are invulnerable and the 'it won't happen to me' mentality. In November 2007, a more proactive approach was adopted with the formation of the WSH committee at BVH.

The 9-member committee, led by the Operations Manager, embarked on an organizational-wide initiative to promote and build WSH awareness. Committee members were trained on risk management and coached the rest of our staff in an organizational-wide risk assessment of work activities.

Our goal is to create an environment that cultivates a common mindset whereby WSH will always be considered prior to carrying out any work activity. This was also in line with the WSH Act which was expanded to include the healthcare sector in March 2008.

Our collective and ultimate aim is to develop an organizational culture where safety and health come first. We are targeting for zero notifiable incidents in FY08/09.

## Pastoral Care Department

Head of Department

Pastoral Care Manager: Ellen Lau

### **Clinical**

During the year, the department supported and journeyed with 150 patients (80% of our palliative patients). We provided social, emotional and spiritual support for our patients and families during their crisis periods.

### **Contributions from Our Volunteers**

- Total of 2,500 man hours for the year.
- Supported regular programmes such as physical therapy, cooking sessions, music therapy and evening walks.
- Volunteer barbers contributed 820 man hours for hair cutting services.
- Conducted Rice Dumpling and Mid Autumn Festivals.
- Total of 126 round trips to accompany needy patients to restructured hospitals for medical appointments.
- Assisted in sending 21 needy patients back home or to voluntary nursing homes, after their discharge from BVH.

## Information & Technology Department

Head of Department

Snr IT Manager: Tan Chak Juay

### Electronic Medical Record Exchange (EMRX)

In March '08, BVH officially adopted EMRX system (which is fully owned and managed by MOH) to access patient's data over the Internet for the purpose of (a) assessing the suitability of patients, for admission into the Community Hospitals for step-down care, and (b) for better medical diagnosis, treatment and care.

Access to the system is only granted to qualified and authorised medical professionals with 2FA (two-Factor-Authentication). This involves the use of a token card and password and is similar to what is currently being used to secure Internet Banking transactions.

Participation in national healthcare IT project:

**Common EMR Platform** to achieve the "One Singaporean One Medical Record" vision. This project is supported by MOH and funded through iDA. Community hospitals including BVH are currently working on joint user requirements, with the proposed system implementation planned for phased implementation next year.
